Allowed Claim: 16

Examiner's Amendment

An examiner's amendment to the record appears below. The changes were made to correct typographical errors in the claim. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

1. In the only pending claim, change "12. (Currently Amended)" to --16. (Currently Amended)--;
2. In claim 16, lines 8-9, change "path of rays. wherein" to--path of rays; wherein--.

Authorization for this examiner's amendment was given in a telephone interview with Linda Shudy on October 26, 2004.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: none of the prior art either alone or in combination disclose or teach of the claimed combination of limitations to warrant a rejection under 35 USC 102 or 103.

Specifically in reference to independent claim 16, none of the prior art alone or in combination disclose or teach of a method of forming an intensity profile as disclosed above specifically including a first and second telescope imaging system with a zooming system to adjust or vary the widening of the laser beam based on an intensity change.

Examiner's Comments

For applicant's information, the examiner corrected overcome obvious typographical errors by an informal examiner amendment as shown above to place the case in condition for allowance.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jessica T Stultz whose telephone number is (571) 272-2339. The examiner can normally be reached on M-F 8-4:30.
